Once your surgery is scheduled you will need to schedule a Pre-Op physical with your primary care physician. Children's physicals should be within 2 weeks of the surgery date. Adult physicals should be within 30 days of the surgery date. All physicals and test results need to be received by our office 1 week prior to surgery date; otherwise the surgical centers have the right to reschedule or cancel your surgery.

Please complete and return the enclosed HEALTH SURVEY. Your surgery will not be scheduled nor will we be in contact, until we have received the attached information. You may email, fax: (410-823-2513) or mail: 6565 N Charles St. #601, Baltimore, MD 21204.

If your case is under **local anesthesia** you do not require a Pre-Op Physical or any testing.
